HOW UPLOADING WORKS

I Need a Book Cover is a labor of love and a passion project. I pay an assistant to help me upload and tag about 50 covers per month.

If you would like to contribute a specific cover to the site, please fill out [this form](#). The submissions I receive from this form are added to a queue and are uploaded over time. The queue is ever-growing, though, which means you might not see your cover appear on the site for months.

The site is also **curated**. If a specific cover does not add the type of value that we are striving for with this archive, it may not be uploaded at all.

If you would like to **guarantee** that a specific cover is added to the site, you can pay for it to be instantly uploaded.

WHAT AM I PAYING FOR?

By paying for a post, you are helping to offset ongoing costs such as:

- Annual hosting fees
- SEO optimization
- Annual domain fee
- Creating new features, such as The Jobs Board
- WordPress plug-in updates
- Monthly developer maintenance costs

Thank you for contributing!
